

DIVYANSH SOOD®

SOLO STUDIO · HIMACHAL PRADESH · 2022–2026

Custom-coded websites for founders who'd rather hire a person than a shop.

Last year I built a school site in 7 days. Other agencies quoted 6 months. That's the kind of timeline I win — most marketing sites & MVPs ship in 3–4 weeks. Fixed quotes, in writing. You own every line.

WebSeek.ai ↗

AI PRODUCT

Our own bet on where agencies go next. One credit, one prompt, any language — paired with Claude, GPT or Gemini. Five free credits while we iterate.

REACT · TAILWIND · ANTHROPIC / OPENAI / GOOGLE

Baglamukhi Travels ↗

TRAVEL · LOCAL SEO

Owner-drivers Kapil Dev and Sahil have run cabs out of Kangra since 2018 — but the bookings came through commission agents who owned the customer. The site had to win the searches that matter locally: Gaggal airport transfers, outstation runs, and the six-temple Devi Darshan yatra. It now averages position 5.7 on Google.

ASTRO · JSON-LD · WHATSAPP

CultXberserk ↗

BRAND · D2C

A gothic apparel label built around the world of Berserk. Heavyweight, garment-dyed tees that are hand-numbered (0001–0666) and never reprinted — each carrying a "Brand of Sacrifice" seal at the neckline. The storefront is custom-coded, so the lore and the buy flow are one experience.

NEXT.JS · IMAGEKIT · CUSTOM STOREFRONT

Pinnacle World School ↗

EDUCATION · CBSE

A CBSE school in Baroh, Kangra, teaching Nursery to Class X since 2014, moving to a new domain. The build had one rule that decided everything else: *nothing invented*. Every fact on the site is checked against the school's CBSE affiliation record, and anything unconfirmed says "To be updated" instead of a plausible guess.

Sunny Himachal Travels ↗

TRAVEL · TOURS & TAXI

A tour operator in Dharamshala, run by people who live there: private cars, one driver, one price, trips anywhere in Himachal. They came with a finished one-page design, but it wasn't a website. It used inline pseudo-CSS, a 69 KB runtime, and breakpoints written in JavaScript. We rebuilt it as a real site that ships *1.1 KB of JavaScript* and has a page for every trip, transfer and town people search for.

Yash Rock Hotel ↗

HOSPITALITY · HOTEL

A seven-room hillside hotel with a swimming pool in Dehrian, Kangra. The prototype it came with was a generic hotel booking site, with invented room types, a booking sheet and reviews nobody had written. We replaced the brief, not just the styling: *no booking engine*. Every enquiry goes to WhatsApp or a phone call, and nothing is published until the owner has confirmed it.

WHAT I DO

Marketing sites

Astro or Next.js. Sub-second LCP, designed in code on a real URL by day three.

Stores

Custom storefronts with Razorpay or Stripe. No Shopify, no theme marketplaces, no builder lock-in.

Web apps

Admin panels, dashboards, admissions portals, booking flows. Shipped in custom code, run by the client's own team.

AI features

Claude, GPT, Gemini integrations. I run my own AI product (WebSeek.ai) on all three.

Conversion copy

Homepage / pricing / landing-page copy written to the words your buyers actually type.

Ongoing retainer

Monthly billing, no contract. Most clients keep me on for 6–12 months after launch.
